WORKSHOP: Body Book with April White

08/11/2017

April White held a workshop called "Body Book" at the Neal Building on Thursday, August 10th, from 3:30 - 5:30 pm. Participants warmed up with blind contour drawing exercises, then dove into a tutorial that showed how to create flip books and simple book binding. Everyone created a small series of drawings within the pages of their book, which April turned into an gif using her smartphone and it's camera. Watching our drawings transform into a moving image was a wonderful experience!

April's Art Crawl performance will be at Harbourside Park, 10 New Gower St., from 7 - 10 pm on August 12, don't miss it!
